   d. Kevin wants a letter allowing him on premise (done 7/27/15) to do Legion business and attend legion meetings and/or as directed by Post Officers as long as it is Legion (post) business.
3. Board of Directors
   a. Right now board is dysfunctional, everyone doing their own thing. Employee's running a muck at present
   b. Get board to work as a team/ be consistent
   c. Amend by-laws to re-define the boards direction/duties in line with what the Post would like to see. For instance more information about the post grounds, equipment and needed replacements such as chairs, tables, carpet etc.
   d. Ask the board what they would like in the amended by-laws
4. Appoint a by-laws committee to go over our by-laws make additions/deletions and amendments.

5. Post Leadership
    a. Post officers work with the new comdr to help through how things work etc, set agendas and to stay on top of things.
    b. Comdr to delegate responsibilities to help take the load off

oint-of-view:

ight now leadership is practically absent and our post will fail if things re ignored.

udge Advocate suggests that the Commander of the post relinquish his hairman of the Board to allow our Commander to spend more aluable time as Post Commander and the Post's business at hand.

6. Law Suit of Darcy
    a. First of all her Son should not be allowed to work here due to the nature of her law suit (JA opinion)
